

AMERICA AT HOME

Created by Rick Smolan and Jennifer Erwit

HUNDREDS OF THOUSANDS OF
SIMULTANEOUS SNAPSHOTS SHOW
WHAT "HOME" MEANS TO AMERICANS

For one week, 100 professional photographers and tens of thousands of amateurs from across the country were encouraged to capture photos of what home means to them. The result is a compelling photo book that captures the extraordinary diversity of American home life—the emotions, rituals and events that make a house a home.

Make **AMERICA AT HOME** your own by uploading your photo of your home or family to create a custom book jacket for your own copy of the book. To learn more, or to simply see what your photo would look like on the cover (it costs nothing until you actually place an order) go to www.MyAmericaAtHome.com

1 Take a digital photo of your kids, pets, parents, or scan your favorite photo or an old black and white photo of the house where you grew up.

2 Visit our website at www.MyAmericaAtHome.com and see how easy it is to upload, crop, and caption your image. Transform your photo into a personalized cover.

3 You'll get a glossy book jacket that looks exactly like the original **AMERICA AT HOME** cover, featuring your photo on the cover and your caption on the inside flap.
